Upon information and belief, and subject to its responses above, Defendant asserts the following defenses in response to the allegations of the Complaint, without admitting or acknowledging that Defendant bears the burden of proof as to any of them or that any must be pleaded as defenses. Regardless of how such defenses are listed herein, Defendant does not assume the burden of proof with respect to any issue as to which applicable law places the burden on Plaintiff. Defendant reserves the right to rely on any affirmative or other defense that may subsequently come to light, and expressly reserves the right to amend its Answer to assert such additional defenses.

Defendant incorporates by reference the factual background recited infra in Paragraphs 1-78.

**FIRST DEFENSE**  
**(Non-Infringement)**

Defendant does not infringe and has not infringed under any theory of infringement including directly (whether individually or jointly), indirectly (whether contributorily or by

inducement), literally, or under the doctrine of equivalents, or in any other manner, and is not liable for infringement of, any valid and enforceable claim of U.S. Patent Nos. RE47,053 (the “’053 Patent”), 8,122,004 (the “’004 Patent”), and 8,046,672 (the “’672 Patent”) (collectively, “the Asserted Patents”). It is not the case that each and every limitation of the asserted claims is present either directly or indirectly, and either literally or under the doctrine of equivalents, in the Accused Products.

### **SECOND DEFENSE** **(Invalidity)**

The claims of the Asserted Patents are invalid for failure to comply with the requirements of Title 35 of the United States Code, including, without limitation, 35 U.S.C. §§ 101, 102, 103, 112, and/or 116. For example, one or more claims of the Asserted Patents are invalid because they claim patent-ineligible subject matter. As another example, the claims of the Asserted Patents are anticipated and/or rendered obvious by one or more prior art references and are thus invalid under 35 U.S.C. §§ 102 and/or 103. Additionally, one or more claims of the Asserted Patents are invalid for failing to satisfy the written description, enablement, and/or definiteness requirements of 35 U.S.C. § 112.

### **THIRD DEFENSE** **(Statutory Limit on Damages)**

Plaintiff’s claim for damages and/or costs is statutorily limited by 35 U.S.C. §§ 286, 287, and/or 288. Without limitation, any claim for damages by Plaintiff is limited by 35 U.S.C. § 287 to only those damages occurring after proper and sufficient notice of infringement of the Asserted Patents to Defendant. Defendant alleges on information and belief that any claim for pre-lawsuit damages is barred, in whole or in part, for failure to comply with the patent marking and notice requirements of 35 U.S.C. § 287.

**FOURTH DEFENSE**  
**(Prosecution History Estoppel)**

Plaintiff's claims are barred in whole or in part by prosecution history estoppel and/or prosecution history disclaimer based on amendments, statements, admissions, omissions, representations, disclaimers, and/or disavowals made by the applicants during prosecution.

**FOURTH DEFENSE**  
**(Intervening Rights)**

Pursuant to 35 U.S.C. § 252, Defendant is entitled to absolute and equitable intervening rights with respect to the '053 Patent.

**SIXTH DEFENSE**  
**(Equitable Defenses)**

Plaintiff's claims are barred, in whole or in part, by an express or implied license, and/or the equitable doctrines of acquiescence, estoppel, laches, patent misuse, unclean hands, and/or any other equitable remedy.

**SEVENTH DEFENSE**  
**(Defective Reissue Proceeding)**

The reissued '053 Patent is invalid for failure to comply with 35 U.S.C. § 251 because, for example, the scope of the claims of the reissued patent are impermissibly broader than the scope of the claims of the original patent, Plaintiff used the reissue process to change its original invention from a method to a method, a computer system, and a non-transitory computer-readable medium, and Plaintiff did not specify an error properly correctable by reissue during the reissue proceeding.

**EIGHTH DEFENSE**  
**(Case Not Exceptional)**

Plaintiff is precluded from recovering its reasonable attorneys' fees under 35 U.S.C. § 285.

**NINTH DEFENSE**  
**(No Willful Infringement)**

Plaintiff is not entitled to enhanced or increased damages for willful infringement because Defendant has not engaged in any conduct that meets the applicable standard for willful infringement. Should Defendant be found to infringe any valid, enforceable claim of the Asserted Patents, such infringement was not willful.

**DEMAND FOR JURY TRIAL**

Defendant requests a trial by jury on all issues so triable.
